Enhanced Sapphire Board

When this board fills up, Level 4 position moves to Diamond Board and earns a startup bonus of \$600

“Sample Church Enrollment”

The Board splits when all positions on the Enhanced Sapphire Board are filled up

The Enhanced Sapphire Board is very special because it is the "CHURCH" who purchases all 8 business locations along the bottom entry level (indicated above as church 1 through church 8). At \$300.00 as the total investment per position, that works out to be a grand total investment of \$2400.00 for the church. NOTE: The actual amount that Diamond Rewards receives, is \$300.00 USD. The following describes how the board is set up;

- The Church Pastor enrolls all 8 positions for the Church, under the Pastor's position.
- Next, the Church will have its 1st – sixteen Church members to enroll under the church (2 at a time). The 1st - two members of those sixteen, shall enroll under Church 1, then the next set of two members, under Church 2. Then the next set of 2 members enrolls under Church 3 and so on, until all 16 Church members are enrolled under the Church.
- Now each of the newly enrolled Church members must enroll 2 personal members within 24 to 48 hours, starting from the moment they themselves enrolled. This will cause a total of 32 new people, whether they be Church members or non-Church members, to enroll under those sixteen people. Now when each of those 32 new people enroll their own (2) new enrollments, this will produce 64 new people, Church members and non-Church members alike, to be added to the board. This method continues through infinity. Just imagine how much better the above scenario becomes when you calculate what happens when the larger masses of Church members decide to help support their Church and their Pastor, and all of whom, subsequently enrolls into this program, which causes much more money to come into their Church and to themselves as well...

CONTINUED ON NEXT PAGE

To summarize, the Pastor cycles first because he/she is in front of the Church meaning, the Pastor will get paid 1st. Next, the Church will move through the board with speed because, as soon as the Church has all 8 positions enrolled, the Church will move from the 1st entry level #1, to either the 2nd or 3rd level depending upon which position JUMPS over the 2nd level to the 3rd. NOTE: When the Board splits, if someone on the 2nd level has less than 2 personally sponsored enrollments, then those with 2 personally sponsored enrollments on the bottom level, will JUMP over into the 3rd level or higher. Now when the church enrolls its 2 Church members each per position that it owns, those 16 people will cause the Church (and everyone above the Church) to raise up 2 levels (it takes 8 new enrollments to move up 1 level).

When the Church gets to the 4th level and afterwards, 8 more people comes into the bottom level, then the Church is INSTANTLY paid \$600 for cycling out of the Enhanced Sapphire Board per spot multiplied times 8 spots, equaling \$4,800.00 making \$2,400 instant profit for the Church. **Note: Having all 16 church members ready to enroll immediately after the Church completes enrolling all of its 8 positions, will help cause that Church to cycle very quickly!** (Don't forget your new blue-diamond per cycle)

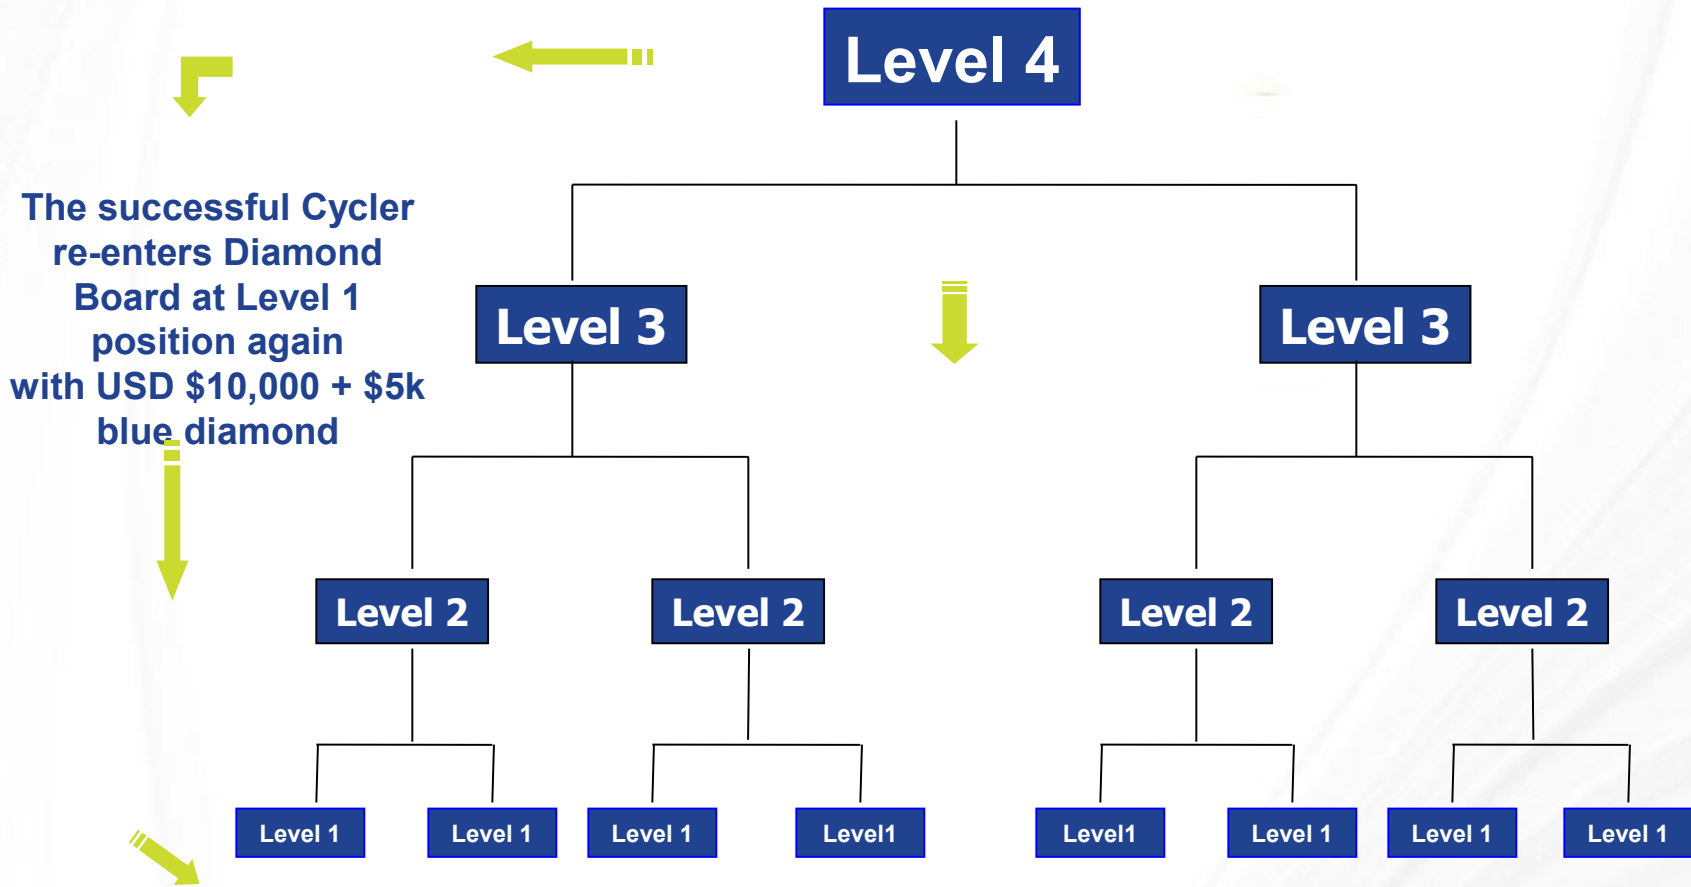

Now after getting paid that \$600 per position, the Church is automatically moved to the 2nd Board called the "Diamond Board". Upon cycling off the Diamond Board, the Church will receive \$10,000.00 per business center, times the 8 positions owned by the Church, which equals to \$80,000.00 in the Church's Treasury. Instead of spending all of that \$80,000.00, the Church opts to take just \$10,000.00 of it and re-invest it back into the "Enhanced Traveler Board" which yields 40 additional business centers owned by the Church and upon that day, the Church owns a total of 48 positions. When all of those spots cycle off the Express Board, it yields a whopping total of \$480,000.00 per cycle for all of the combined spots. Bear in mind that those 40 extra spots also causes everyone else in the Church and on those Boards, to cycle even that much faster!!! This income stream has NO boundaries as to how high it will go as long as you keep re-investing a small portion back into the matrix every time you cycle off the Express Board. May God Bless you to have unlimited success!
